Happy Holidays!!

This time of year includes holidays for just about every culture and/or religion on the planet.

Since we do not have the room to acknowledge all of them, we will just wish everyone "Happy Holidays" wherever you are. In fact, if you have some photos to share later, we will be more than glad to show them to the world. Also, if you encounter unique or interesting culture situations for holidays any time of year, please let us know. [Read more.](#)
