Greetings and Salutations

Hello Everyone!

Summer is more or less here and we are happy that school is almost out in most places on the planet. We hope everyone is well and healthy after all the pandemic crisis. Here at ITTO, things are speeding along. We have a new group for this month, and we know they will work and learn a lot, just like you did. The sidewalks are amazing, finally. It feels like a whole new Centro Historico right now. (And you don't have to worry about breaking body parts to get around.) The government has decided to have discounts for tourists on hotels and restaurants, so the next few months will be a great time to visit Guadalajara. You can check the Blog for more information.

It is now a tourist destination just south of Cancun, but without all the commercialization... as of yet. Read about this amazing spot on our Blog. It also has websites listed for you to check out and see some really awesome photos. Find out for yourself. [Read more](#)
